

YEAR 6 FUNDRAISING EVENT

The year 6 students with assistance from Skate Programs ACT will be hosting a skate night at Gowrie Primary school hall on Friday 2nd June.

There will be various **45 minute** sessions held throughout the afternoon. Each session will consist of a **15 minute** lesson on basics (*marching, rolling, stopping and falling*) followed by a 30 minute free skate. During the free skate, children will be able to skate around to music with various games played throughout the session.

Skate hire is included in the price per person however numbers are limited in each size. Protective gear will not be provided, it is recommended if you have a helmet and pads at home to bring them along. You do not require them to skate. All skating is done at your own risk. The attached waiver must be completed for each skater.

Due to the size of the hall and limited skates in each size places for each session will be capped. Places in each session will be booked on a first return of notes basis. This includes payment (*see attachment for session options*).
